## Bonus+ Borrows+

For the last seven days of each calendar month, patrons can choose from a curated selection of audiobooks, eBooks, comics and manga, movies, TV, and BingePasses without using their monthly borrows.

### FREE for Patrons

A great way for patrons to explore titles, series, and authors they may not have found otherwise, Bonus Borrows allow patrons to enjoy Hoopla all month long, even if they are out of monthly borrows.

### FREE for Libraries

As they are at no cost to the library, Bonus Borrows lower your cost per circulation while helping you engage patrons and improve their experience. Visit the Hoopla Resource Center each month for digital assets you can use to spread the word about all the great content available on Hoopla!
